## Varied Fare In Store at Wilmot Fair

WILMOT, Wis.—Thousands from west Kenosha and North Lake and McHenry counties are expected here next week for Kenosha's 41st annual county fair during its four-day run, Aug. 10-13.

Special events include a drum and bugle corps festival, offered free this year to anyone on the fair grounds. Six outstanding corps from the mid-west will compete in a three-hour spectacle Friday evening, Aug. 11, beginning at 7:30 p.m.

Hundreds of exhibits had been entered by the middle of this week, according to the fair secretary. They include livestock, poultry, crops, baking, flowers, canning, needlework, clothing, art, photography and color slides as well as displays of commercial products.

Included in the features offered in this year's package of entertainment by the Kenosha Fair association will be numerous free acts—four outstanding shows, including the Flying Zucchini, Alfredo and his midlets, Lottie Brun, juggler, and a canine act. In addition, and another first for the Kenosha fair, will be the tractor pulling contest on Sunday afternoon, before the grandstand, beginning at 1 p.m.; a junior horse show west of the machinery row, at 3 p.m.; two concerts by the Bristol Band on the free acts platform at 4 p.m. and a gigantic fireworks spectacle before the grandstand at 9:30 p.m.

The Kenosha County 1961 Fair Queen will be crowned on the free acts platform at 9:30 p.m. Friday evening. More than 20 contestants will be judged in the semi-finals Tuesday evening, Aug. 8, and the five finalists will be introduced on the free acts platform Thursday evening.

ALFREDO LANDON and his famous midlets will present an eccentric, acrobatic tumbling act as one of the features of the 41st annual Kenosha County Fair Aug. 10-13, at Wilmot, Wis.

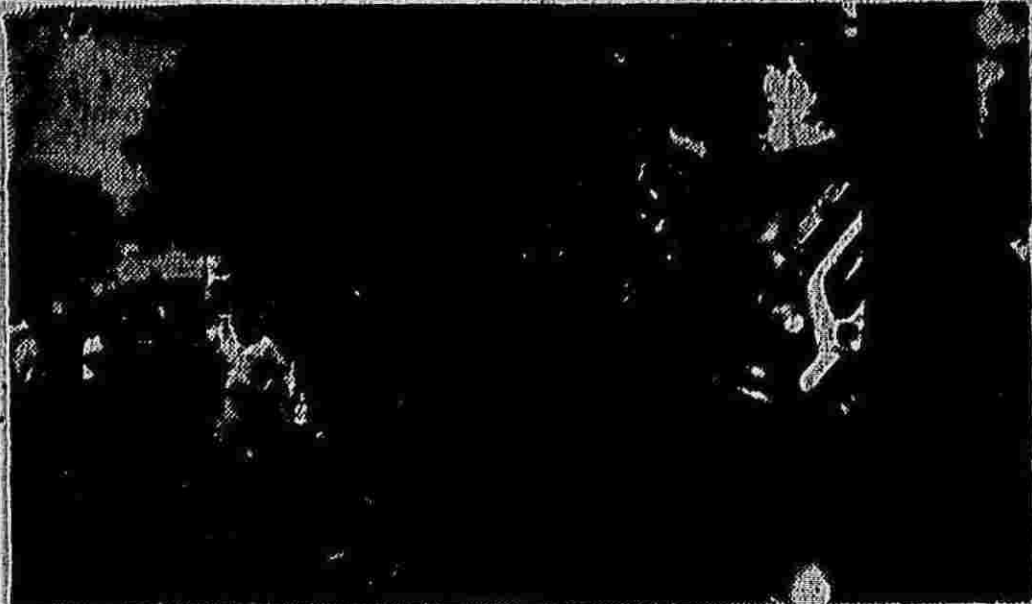

County schools will present an amateur show on Thursday evening at 7 p.m., followed by a performance by students of Merle's dancing school, Kansasville.

A special children's matinee will be held on Friday afternoon when all the rides and shows on the midway, run by Steele Amusements Company, will be offered at reduced rates. Stock car racing is the Saturday night grandstand attraction. The annual 4-H tractor operators contest will be held at 1:30 p.m. on Saturday. The children's parade will take place on the grounds at 10:30 a.m. Friday, and the annual big fair parade is scheduled for Saturday at 10:30 a.m.

Traditional carnival color will be supplied throughout the four-day fair by the rides and shows of Steele Brothers with their many midway features.

### GETS MASTERS DEGREE

Joseph Rush, band director at Antioch Township High School, has been awarded his master's degree in music by the Vandercook College of Music, Chicago. Rush attended summer sessions for the past three years in studying for the degree.

VILLAGE MAINTENANCE truck was caught in this embarrassing position last week on Orchard Street when banks of ditch being filled settled. The load of gravel was emptied and the truck pulled to firm stand with aid of tractor.

## Local Entries Win Ribbons At Record Lake County Fair

Two local entries in Lake County Fair last week at Grayslake were awarded championship ribbons.

Diane Forster, daughter of Mr. and Mrs. Charles Forster, Beach Grove Road, was awarded three grand champion ribbons in 4-H Flower Gardening and Home Ground Beautification. She also won a special award for her flowers and a \$25 bond for improving the appearance of home and grounds.

Marcus Anderson, son of Mr. and Mrs. Cecil Anderson, First Street, Rosings Sub., was 4-H grand champion in indoor gardening (flowering pots).

Other area winners during the five-day county fair were Joe Bonner, Millburn, first year electricity; Diane Beler, Millburn Hornets, family garden display, grade school; James Denikas, Millburn Hornets, family garden display, high school.

Antioch businessmen were among high bidders for championship beef during auctions on Saturday. Joseph Patrovsky, of the Antioch Packing Co., paid 48 cents a pound for the 810-pound reserve champion steer, a Shorthorn of the Tempel Farm, Old Mill Creek; Walker P. Lyons, Lyons-Ryan Ford, purchased the 4-H Club champion Hereford Steer of George Hecksweiler of the Happy Hayseed Club for 27 cents a pound (\$239.22 total); and a second purchase by the Antioch Packing Co.—a 913-pound steer from Robert Engel for 27 cents a pound.

A record 32,000 visitors trooped through the more than 2,000 exhibits, demonstrations, shows and the carnival midway of the 33rd annual Lake County Fair July 28-30, to make it the most successful in history.

The rains over the weekend served only to lay the dust and bring a refreshing breeze to the milling throngs, as crowds packed the fairgrounds from opening to closing.

## Publisher's Mother Dies in Carmi, Ill.

Mrs. Margaret Estelle Gaston, publisher of The Antioch News, was called to Carmi, Ill., last week by the death of her mother, Mrs. Martin E. Erkman, 94, who died there July 27.

Funeral services were held at 2 p.m. Sunday from the Kittinger Funeral Home Chapel at Carmi, with the Rev. Carl L. Jacobs officiating. Interment was in Maple Ridge Cemetery.

In addition to Mrs. Gaston, survivors include five other daughters—Miss Louise Erkman, Mrs. Dorothy Wallace and Mrs. Helen Alred of Carmi and vicinity; Mrs. Ruth Perkins, Punta Gorda, Fla., and Mrs. Elizabeth Behler, Woodstock, and three sons, Elvis, Carmi; Ivan, Akron, O., and Don of Pennsylvania; 22 grandchildren, including Howard K. Gaston, Robert and Harold Gaston and Mrs. Elizabeth Shepard, and Donald Gaston, all of Antioch; 28 great-grandchildren, and nine great-great-grandchildren, including nine in the Antioch area.

## 'Maxwell' Sale, Circus Set to Go

An interesting weekend is in store for circus buffs and those interested in making a good "buy."

Number one priority for the small fry will be the famed Cole Circus here tomorrow. The circus will move into the village at daybreak and has extended an invitation to villagers to watch the set up starting at 7 a.m. in the parking lot. Performances will be at 2 p.m. and 8 p.m.

The shopper will be king at the "Maxwell Street" days sale starting today and extending through Saturday.

Sale hours will be 9 a.m. to 6 p.m. today; 9 a.m. to 9 p.m. Friday and 9 a.m. to 6 p.m. Saturday.

As part of the sale, the Antioch Library will have a stall next to the State Bank of Antioch to sell books donated from private shelves as well as those culled from the library. All proceeds here will be applied to the Library Building Fund. Book donations will be received through Aug. 4.

## Youngster Sips Diesel Fuel with Near-Tragic Results

By Mrs. Bernice Bernau

LINDENHURST—Young Kenny Anderson, 15-month-old son of Mr. and Mrs. Charles Anderson, 411 South Thornwood Drive, was home this week slightly worn after tasting a cup of Diesel fuel last week at the county fair at Grayslake.

While on the fairgrounds with his mother July 28 before formal opening of events, Kenny sipped a cup filled with liquid sitting alongside a tractor and drank it down.

The youngster was rushed to St. Therese Hospital, Waukegan, where doctors refrained from pumping his stomach because the fuel had damaged his lungs and they feared the possibility of pneumonia. He remained in the hospital until Sunday, and was being observed this week at home.

Mrs. Anderson, who had visited the fair early with her son to enter exhibits in domestic arts, was awarded four blue ribbons for her embroidered pillow cases, baby sweater set, needle point and dresser scarf.

### BID OPENING SET

Bids on the Antioch Township High School addition will be opened at the August 9 meeting of the District 117 Board of Education. Twelve general and nine sub-contractors have taken blueprints on the \$995,000 high school project. Bids will be awarded in mid-month with work scheduled to begin in late August.

# Pickus Gets Contract To Build Post Office

## 120 Students To Attend Music Camp

Some 120 students of the high school band and chorus will attend a five-day summer music camp at East Bay Camp near Lexington, Ill., director Joseph Rush announced today.

The students, accompanied by instructors and chaperones, will depart by bus at 12:30 p.m. Aug. 13, from the school.

Accompanying the musical group will be Rush, Thala Rush, assistant director; Miss Della Tronchuk, vocal instructor; Kenneth Smouse, assistant in vocal instruction; James Corrigan and Miss Ruth Nickelson, chaperones.

The last day of camp, August 18, students will break camp at noon for the trip to Springfield where the 85-piece band will compete with other Illinois High School Association bands in the 1961 Illinois State Fair. The band will play at 3:30 p.m. that day, and expects to start the trip back to Antioch at 4:30 p.m.

The idea of the camp was first outlined by Rush before a meeting of the Board of Education, District 117, last Nov. 22, whose members authorized him to proceed with arrangements pending final approval. This is the first time a Lake County school has reserved a camp of this type for summer music studies.

As outlined by Rush, total cost for the five-day camp will approximate \$2,800, of which the board assumes only the cost of transportation. Cost per student for the entire camp will be \$18, of which the Music Association will pay \$10 and the student \$8.

The Association raised its portion of the cost through various activities during the school year.

According to Rush, the camp will result in improved band and choral performance because:

- 1—Allows participation by a greater number of students than normally take advantage of the earlier program of 24 hours of instruction over the summer.
- 2—Gives the choir summer training for the first time.
- 3—Allows concentrated rehearsal for the busy fall season.
- 4—Gives the director a better opportunity to observe candidates and make selections for A and B band groups.
- 5—Associations at the camp are expected to give a closer feeling of unity and performance among members.

## Quaker Stretcher To Start Move Here in 2 Weeks

The Quaker Stretcher Co., light manufacturing firm of Kenosha which will relocate in Antioch, expects to start moving various warehousing operations to its new plant here within the next two weeks. Office personnel and equipment are expected to move in early September.

Contacted yesterday by The News, Quaker Stretcher officials said the speed of moving will depend upon completion of the structure by Arnold N. May Builders, Inc.

The new plant is located on a site immediately east of the Soo Line tracks adjacent to the new high school athletic field. The one-story structure will contain 152,000 square feet in a shipping-receiving depot off a new railroad spur.

The firm, which employs between 250-350 persons, manufactures household wares and such products as TV trays and stands.

The firm is now located at 2500 60th St., Kenosha.

### Social with View

An old-fashioned ice cream social will be held on the Village Green by the water tower tomorrow starting at 11 a.m.

In announcing the event, the sponsoring Mothers' Auxiliary of Troop and Ship 92 revealed that participants in the social will be able to view the circus parade while partaking of homemade cake and ice cream.

Mrs. Leonard Roblin and Mrs. Emil Lubkeman will be in charge of the social.

## New Rural Mail Delivery Route Starts Saturday

A new rural route delivery will be in effect starting Saturday, Aug. 5, Postmaster Roy Kufalk disclosed today.

The new route will bring to five the number of rural deliveries in this area and cover the area southwest of Antioch. It will include portions of four routes now existing.

According to Kufalk, the new route will include Crandall Subd., Linden Lane Sub., California Sub., all parts of Rt. 2 west of Emmons School, all of Chain of Lakes Subd., and Sabrina Manor.

The new route has been formed to give faster, more efficient service, said Kufalk, and will relieve the over-burdened four routes now being delivered.

Raymond L. Johnson will be the temporary carrier on the new route.

## Delinquent Tax Sale Set Aug. 14

Tax sales on property in Antioch Township on which taxes are delinquent will be held at 2 p.m. Aug. 14 in Waukegan.

County Judge Minard E. Hulse last week approved a motion by Special Assistant State's Attorney Larry Petroschius that the tax sales be held under provisions of the Scavenger Act.

By terms of the act real estate on which taxes have been delinquent 10 years or more will be sold at public auction.

There is no minimum on bids which may be made. Owners whose property is sold may redeem their holdings by paying accrued taxes and penalties within two years of date of such sale.

Thirty days after the sales, the judge will be officially notified of the sales made. Purchasers will receive clear title two years later if redemption is not made by former owners.

In an effort to clean up delinquencies, 1,200 parcels of property will be offered through sales scheduled for the following townships: Antioch and Newport, 2 p.m. Aug. 14; Grant, Avon and Warren, 2 p.m. Aug. 15; Shields, 2 p.m. Aug. 16; Fremont, Wauconda, West Deerfield and Deerfield, 2 p.m. Aug. 17.

All sales will be conducted at the east entrance of the courthouse in Waukegan.

A list of properties in Antioch Township scheduled for sale was published in The News of July 13.

### Car Wash Scheduled

A car wash will be held by Order of Rainbow for Girls, Antioch Assembly, tomorrow, Aug. 4, at Jim Brodie's Sinclair station on Main Street, Antioch.

Hours will be from 8 a.m. until 5 p.m. Last Friday's scheduled wash was postponed because of inclement weather.

## OK Early Plans for Boost In Village Water Supply

Looking forward to the day the village will outgrow its present water supply facilities, the board this week authorized City Engineer David R. Miller to draw up specifications for a 300,000 gallon capacity water tower.

The Village used 25,899,000 gallons of water during the last three month period, for an average consumption of 343,000 gallons per day, it was disclosed.

July water consumption in Antioch totaled 10,634,000 gallons. The existing tower on Broadway has a 110,000 gallon capacity—100,000 gallons in the bowl and 10,000 gallons in the standpipe.

If approved and constructed, a new tower would more than triple the existing capacity.

In other action at the board meeting Tuesday, trustees reviewed first

## Act Follows Appeal by Low Bidder

In reversal of a previous decision, the Postal Department has awarded a contract to construct a post office in Antioch to Morris Pickus, local businessman.

Announcement of the award was made Monday to The Antioch News by Frank G. Sulewski, assistant to the regional director, Chicago Regional Office, Operations.

The contract was originally awarded to Mr. and Mrs. Otto Schultz, Elmhurst, on their bid of \$9,500 despite Pickus' lower bid of \$8,300. The Elmhurst couple reduced their bid to \$8,500, still higher than that of Pickus after what the Lake County Contractors Association charged to be a miscarriage of justice whereby the Post Office real estate department negotiated "with and perportedly entered into a contract with the middleman after bringing his price down from \$9,500 to \$8,500, still higher than the low bid."

The LCCA entered the picture after Pickus had informed his cousin, Louis Pickus, Waukegan, of the award of contract to other than the low bidder. Louis Pickus then petitioned Senator Everett Dirksen to look into the matter. (Antioch News, July 6).

Rejection of Pickus' bid last month was based by the Postal Department on the fact that he provided a "certified" check as bond instead of formal bond.

In reporting the subsequent award to Pickus, Sulewski said the entire proposal had been reviewed and the comptroller general had ruled that Pickus' certified check for \$7,900 was perfectly legal as a bid bond.

When contacted Monday by The Antioch News, Pickus said that he had received no notification from the Post Office concerning the new bid award, but that he was pleased with the outcome.

The new post office will be located (continued on page 7)

## Charge Driver In Death of 2

Clyde A. Mueller, 29, Algonquin, driver of a gravel truck which killed two men when it crashed into a pick-up truck July 8, was arrested for reckless homicide last week following an inquest into the fatal accident.

The Algonquin trucker was booked after a coroner's jury recommended he be held to the grand jury.

Killed in the accident was Clayton Dean, 49, of Round Lake Park, a passenger in the light truck.

Driver of the truck, Lincoln Turner, 31, Antioch, died a few hours after the crash in a Waukegan hospital.

Mueller is charged with driving in a wrong lane when the crash occurred. According to testimony, Mueller was driving his truck east on Belvidere Road and swerved around traffic at Sears Boulevard, Wildwood, east of Rt. 45, and crashed head-on into the truck driven by Turner.

Mueller's bond was set at \$5,000.

## Set HS Registration Dates

Registration for new students at Antioch Township High School will be held Aug. 14 through Aug. 18, it was announced today by A. L. Dittman, principal.

Registration will be conducted on those days between 8 a.m. and 12 noon, and from 1 p.m. to 4 p.m. Registrations can also be made between 7 a.m. and 9 p.m. on Thursday, Aug. 17.

Registration will be made in the main office of the high school. All registering should bring last year's report card.

New students will take placement

tests on Wednesday, Aug. 23. The tests will be conducted at 9 a.m. in the auditorium.

In announcing registration procedures, Principal Dittman urged all students new to the community and those enrolling in the high school for the first time to report at stated times.

"Students who do not register and take the placement tests at the stated times will meet with considerable delay in getting their program at the opening of school on Tuesday, Sept. 5, he said."

In announcing fall preparations, school officials expressed satisfac-

tion over the recent summer school sessions which ended July 25. There were only two dropouts in 182 class enrollments. Students could miss no more than two days of the six-week schedule to remain enrolled.

Enrollees and subjects were: general math, 16; developmental reading 23; algebra, 11; English I, 15; English II, 15; English III, 18; typing 42; behind wheel driving, 24; safety education, 8.

Marked improvement was shown by students taking developmental reading. Students ranged from high school level down to sixth grade, it was disclosed.

# EDITORIAL

## A Crosswalk on Broadway

After watching several comely young matrons sprint for their lives before onrushing cars while crossing Broadway from the Village parking lot, we cast our ballot for a crosswalk smack dab in the center of the block between Lake and Orchard.

Although it is nothing more than illegal jaywalking to cross in the middle of the block, American efficiency prevents the pedestrian who alights from his car in the parking lot from sauntering south to Lake or the 100 yards north to Orchard before crossing.

It's too time-consuming. Further, there's more adventure in darting across, what with the cars pulling in and out of parking spots on both sides of the street and shoppers maneuvering for stalls in the supermarket nearby. There's an element of chance that exhilarates us all. Besides there are no sidewalks on the west side of Broadway and you would have to walk in the street anyway.

It's a thrill we'll gladly trade, however, for the safety of a marked crossing.

## The Two Faces of Communism

An advertisement appearing recently in newspapers throughout the country headed "An Open Letter to the American People" contained a lengthy plea against the outlawing of any type of organization or political party in the United States.

Significantly, the advertisement was signed by: National Committee, Communist Party, U.S.A., 23 West 26th St., New York 10, New York.

The advertisement scores the decision of the Supreme Court (June 5, 1961) upholding registration requirements of the McCarran Act of 1950 and the membership clause of the Smith Act of 1940.

These acts hold that the government may license voluntary associations and require a public announcement of their membership and may imprison or fine members who are found guilty of intent to overthrow the government.

This law means the communist slime must make public their membership and can be punished for what they pretend to be their right to preach the gospel of anti-Americanism with an eventual, stated goal of the complete subjugation of this country to communism.

They deplore the means by which this government may punish those who advocate its overthrow.

Only communistic immoral logic could dream up such a protest against an act intended to protect America and its institutions when they themselves, wherever they have spread their cancer, have, with immediate and horrifying ruthlessness, smothered all individual thought and freedom under the guise of protection.

Only the warped communistic mind could spread such gospel of "do as I say" not "do as I do".

Only the communist slime has the gall to publicly demand the freedoms which they so vehemently deny to others.

## Volunteer Firemen Don't Have a Chance

(Submitted by a member of the Antioch Fire Department in response to an editorial in the July 20 Antioch News)

When the fire trucks are delayed 40 seconds in traffic people say: "It took 20 minutes to get here."

When the trucks race at 40 mph, it's "Look at those reckless fools!"

When four men struggle with a six-man ladder: "They don't even know how to raise a ladder."

When firemen open windows for ventilation to reduce heat: "Look at the wrecking crew."

When they open the floor to get at the blaze: "There goes the ax squad."

If the Chief stands back where he can see and direct his men: "He's afraid to go where he sends his men."

If they lose a building: "Lousy department."

If they make a good stop: "The fire didn't amount to much."

If lots of water is necessary: "The water did more damage than the fire."

If a fireman gets hurt: "He was a careless guy."

If a citizen gets hurt: "It's a crazy department."

If a fireman inspects a citizen's property: "He is meddling in somebody's business."

If he wants a fire hazard corrected: "I'll see the Mayor."

If he gets killed and leaves his family destitute: "That's the chance he took when he joined the fire department."

## Set Penalty Rate For Excess Wheat

The U. S. Department of Agriculture has announced a marketing quota penalty rate of \$1.08 per bushel on excess wheat of the 1961 crop, according to Donald G. Adams, Lake County manager of the Agricultural Stabilization and Conservation Office.

As directed by law, the rate of the marketing quota penalty is 45 per cent of the May 1, 1961 parity price of \$2.39.

Growers approved marketing quotas for the 1961 crop wheat last July 21. When wheat marketing quotas are in effect, a farmer who does not comply with the wheat acreage allotment establishment for his farm is subject to a penalty on his farm marketing excess, unless he harvests 15 acres or less or has signed an agreement permitting him to produce up to 30 acres of wheat for feed use on the farm.

Wheat produced on a farm on

which the wheat acreage is in excess of the allotment is not eligible for price support.

According to Clarence Naffziger, chairman of the Lake County ASC Committee, information has now been received to clarify land use requirements for 1961 crop soybean price support. A previous announcement stated that producers would be required to maintain their 1959-60 average acreage of conserving and idle land on the farm in 1961 to qualify for 1961 price support on soybeans.

For this special requirement "conserving land" is farm land normally devoted to generally accepted conservation uses and "idle land" is all other farm land not normally devoted to crop production or to conservation uses.

Cropland normally devoted to crop production that was idle or remained in conserving crops solely because weather conditions prevented planting will not be included in the average 1959-60 acreage of conserving and idle land.

## The Chips Are Down

Following President Kennedy's TV talk last week we adjourned with several cronies to the comfort of lounge and lager.

The evening reminded us much of a certain night some 20-odd years ago when another president described the tribulations facing the nation and promised united efforts to stem the tide of threats and in-

timidation which were being hurled daily by aggressive, belligerent world leaders bent on aggressive exploitation.

That sad evening 20-odd years ago recorded the famed "I hate war" and "I promise American mothers that your sons will never" etc., etc.

We were reminded of this evening of the past not by the similarity of the messages of the two presidents, but by the similarity of conditions facing this country.

Where the late President Roosevelt deliberately set about calming the nation even while his advisers were well aware of the threat of Hitlerism, and while he had already committed our Navy to shooting duty in the Atlantic, and when mobilization plans were already formulated (we received our orders but a short time later), President Kennedy's message was admirable in its frankness.

We were reminded of the delib-

erate, misleading statements of the late FDR as compared with the free swinging laying-it-on-the-line approach of President Kennedy.

President Roosevelt's talk was likened to that of a prospective participant of an impending brawl who whispers platitudes while donning brass knuckles hoping to catch an opponent on the sly. It didn't work out that way although we managed and muddled our way to an eventual knockout.

Conversely, President Kennedy made no bones about the threat of Communism and our need to face up to the problem as symbolized by the Berlin crisis. And he made clear the thinking of U. S. leaders and their determination to hit hard and fast should an aggressor miscalculate our resolve.

There was no hidden implication to a potential aggressor in this talk. He emphatically stated our intentions of retaining what is legally ours.

We would, he said, fight if necessary to uphold our rights and our commitments to our friends.

The implications, if any, in his speech, were directed to those of this country.

A 250,000 increase in the Army means either a drastic increase in voluntary enlistments or a boost in the draft.

A \$3 billion plus boost in military spending means an increase in taxes.

He spoke fleetingly of controls and measures necessary to insure quick preparedness. So these can be expected in one form or another in the near future.

Call it what you will, we agree with our cronies that we are about to enter an era of mobilization—partial or full depending upon the actions of Comrade Khrushchev in the weeks ahead.

## Letters to The Editor

SIR: A wonderful moving picture of great magnitude has been shown in Antioch—Ben Hur—which I'm certain left a terrific impression on adult as well as adolescent minds... and served as a superb way of getting all people a little if not a lot closer to the Bible... and the one thing that matters above all—love of our fellow men.

This particular movie justly won eleven academy awards.

It is my opinion it won and opened the hearts of all who took the opportunity to see it.

My sincere gratitude goes to the Antioch Theatre for bringing a movie of this caliber to our town.

Mrs. Charles D. Moran

## AN OPEN LETTER

This is the U. S. A., so how about listening to our side of the story? By "our", we mean a family interested enough in youth, namely these "T. T." (Terrible Teenagers), to hope to be able to help guide them through those tumultuous teens, which as adults, strangely enough, we survived! This is our story!

Approximately one year and a half ago we inherited a small group of T.T.'s held together by one thin thread of scouting. Forgive us, "Men of Ship 92," for referring to you as T.T.'s, but at this seems to be the general impression in the Antioch area, we beg you to bear with us for a short time.

For those who are parents of a young man or woman between the ages of 14 and 18, you have most likely experienced occasions when your teenager has tried to convince you black is white and white is black. Hard to believe as it may seem, this same youth not even two years prior was a calm, even tempered, mild-mannered soul who would never give rise to such thoughts.

As a result, new interests must be cultivated.

Living in an area so ideally suited for sea exploring, Land Explorer Post 92 of Antioch became Ship 92. Through the interest and efforts of a few truly interested citizens, a boat was made available to the group.

To set the record straight, scouting does not make a boy or man. However, it does attempt to make good citizens of our youth and keeping in mind that in any group, you have young people with a wide variety of backgrounds which between the ages of 14 to 18 you cannot change, you might begin to understand our efforts in guiding these young men. As usual, there are always plenty of young people, but never enough parents or interested adults to go around.

In closing, will you bear with us long enough to read this short verse taken from the October, 1960, issue of Scouting Magazine titled "All Kinds of Members":

"A lot of members are like wheelbarrows—not good unless pushed."

"Some are canoes—need to be paddled."

"Some are like kites—if a string isn't kept on them, they'll fly away."

"Some are like kittens—they are more contented when petted."

"Some are like footballs—you can't tell which way they'll bounce next."

"Some are like balloons—full of wind and ready to blow up."

"Some are like trailers—they have to be pulled."

"Some are like lights—they keep going on and off."

Many, thank God, are like the North Star—there when you need them, dependable, ever loyal, and a guide to all people."

So you see, contrary to popular belief in the Antioch Area, we are not running a home, school, or organization for delinquent boys.

We are tiring just a little of going it alone! So how about it Antioch, are you with us or "agin" us? Let's get behind our youth and change that T. T. to Typical Teens and the cry of "crucify" to "citizen."

Mr. and Mrs. R. Niekamp  
Note: Niekamp is the Skipper and Senior Advisor of Ship 92 of Antioch.

## HOUSECLEANING

She will be speaking to you again in a couple of weeks. You will be able to find your pipe and will not sit down where a chair isn't. She will have the paint drips about off the sink and tub. She will commence to lose that far away look in her eyes and the furniture will begin to drift back to where it was when she started.

The skin will grow back on your shins and in a few weeks the doctor bills will be paid up for the damage done her in the few weeks. But she has had a glorious three weeks. She cleaned house and Brother you know Sherman's opinion of war—Colchester Independent.

They say that the best things in life are free, but you need imagination and strong legs to find them.—Blair Press.

Experience is a thorough teacher, but a mighty slow way to get an education.—Chetek Alert.

## Pledge Action Against Waste Dumping Boaters

A crackdown on violators of state anti-pollution laws for inland waters was promised by Dr. Arthur Baker, county health director, at a meeting in Fox L Lake.

Meeting with marina and resort owners and law enforcement officers, Dr. Baker said the Lake County Health Department will enforce the law which forbids discharge of sewage, garbage, refuse and other forms of waste from boats into inland waters.

The health director pointed out that department efforts previously had been confined to educating boat owners on aspects of the law, but this year would enforce the law, which calls for fines up to \$200 for violations.

The Chain of Lakes is an excellent recreational resource in good condition, he reported. The lakes tested out with only two of 30 test points rating below average and 14 above, average in pollution checks last summer.

Law enforcement officers and others authorized to act for the health department were assured by Peter L. Melius, assistant state's attorney they were within the law in boarding boats to check on violations. A boat with a toilet that could discharge waste into the water makes the owner and operator liable to penalty even though the facility is not being used, it was pointed out.

"Litterbugs" throwing waste overboard have to be caught in the act as is the case on highways, it was reported.

The health department promised rigid enforcement of anti-waste measures and cooperation with local officials in policing inland waters.

## Drowning Claims 6,400 Yearly, Council Warns

Drowning victims are not by a long sight just little children or showoffs.

And most victims are not swimming in the water when they fall prey to a killer that takes roughly 6,400 lives a year.

The National Safety Council pointed to those frequently twisted facts as two of the misconceptions many persons have about drownings.

Reason the Chicago-based safety organization, created in 1913 to prevent accidents of all kinds, is trying to dispel such misconceptions: "So no one will be lulled by false facts into thinking—over the Fourth of July holiday or any time in the year—that because he's in the prime of life, or just walking near water, he is in no danger of drowning," explained Ralph Kuhl, NSC director of public safety.

Kuhl said many grown persons—nearly 1,500 of 25-44 years of age alone—drown each year. Four out of five victims are males. And only about 2,400 of the year's 6,400 drownings happen to persons swimming or playing in the water.

The safety man's observations came as the nation was preparing for Fourth of July fun. The holiday, which falls on Tuesday this year, will last four days for some persons, one day for others.

If, despite all your precautions over the holiday, a water emergency should arise, what does Kuhl recommend you do?

—Throw a person struggling in the water anything that will float—a board, branch, large thermos jug.

—Or hold something out to him—an oar, branch, end of a piece of rope, even a sweat shirt.

Best way to help make sure such

## Autos Killed 38,200 in '60

Motor vehicles were the top killer as fatalities in all types of accidents rose one percent to 98,000 in 1960, according to the National Safety Council.

But a two percent increase in population reduced the population death rate from accidents to an all-time low of 51.7, the council said. The previous low of 52.3 was recorded in 1959.

Traffic accidents took the lives of 38,200 persons in 1960 and caused 1,400,000 injuries, disabilities beyond the day of the accident, the council continued.

It was the highest traffic death toll since 1957, when 38,702 persons met death. The 1959 traffic toll was 37,910 deaths and about the same number of disabling injuries as in 1960.

While the toll was rising one percent from 1959, Americans in 1960 were setting a record-low rate of 5.3 for every 100 million miles of motor vehicle travel. The mileage death rate in 1959 was 5.4. A two percent increase in travel in 1960 more than offset the one percent rise in deaths.

Highway travel was a record 715 billion miles in 1960, compared with 700 billion miles in 1959.

The cost of traffic accidents in 1960 was an estimated \$4.4 billion. Property damage was \$2.15 billion.

Preliminary figures indicate the sharpest increase in death in 1960 resulted from pedestrian accidents, railroad accidents and noncollision accidents (running off roadway and overturning, for example).

Pedestrian accidents accounted for 100 more deaths than in 1959, while deaths resulting from railroad and non-collision accidents were up about 200 each. Collisions with animals increased slightly.

Deaths resulting from multi-vehicle collision accidents, and street car, bicycle and fixed-object accidents decreased.

The council also reported that 9.3 persons were injured in all accidents, the cost of which was estimated at \$13.4 billion.

Home accidents claimed the second largest number of lives—27,500.

A breakdown of the figures follows:

	1960	1959
Motor Vehicle	38,200	37,910
Home	27,500	27,000
Work	13,800	13,800
Public (not Motor Vehicle)	16,500	16,500

Motor-vehicle deaths included some which also are shown as work and home deaths. The 1959 all-accident figures of the National Office of Vital Statistics. All others are National Safety Council estimates.

The 1960 all-accident rate of 51.7 deaths for every 100,000 persons was not only the lowest on record, but was the seventh time in the history of accident records the rate has fallen below 60, the council reported.

emergencies don't occur?

"By learning to swim," Kuhl believes. "Even if you're middle-aged, you're certainly not past danger from drowning—and neither is it too late for you to learn to swim," he said.

## Conservationists are Briefed On Lake Pollution Control

By Mrs. Pearl Kapell

CHANNEL LAKE—Tom Day and Ward Duell, members of the staff of the Lake County Health Department, explained their work with the department in checking on and seeking to control pollution in the waters of the county to members of the Northern Illinois Conservation Club on Wednesday, July 26.

Day said that samples are taken from lakes and streams in one-third of the county each week. Thus, each lake is checked every three weeks. Public bathing beaches, he said, should be sampled more often for complete safety. However, the health department is limited by funds, he disclosed.

Asked by a member of the audience if they had ever found a dangerously high bacteria count in any of the lakes, Day replied that on a few occasions they had, but never twice in a row, and explained the conditions under which a deceptively high count might be procured. The health department welcomes volunteer workers to take the samples, feeling that local people may have a better knowledge of possible contaminated spots.

Duell spoke on the work done by the health department and assistance given various localities in solving individual problems, research into reasons for the deterioration of lakes and their solution.

As a part of his duties, Duell inspects sewage treatment plants in the county. He discussed some of the many indications trained men may observe in streams receiving the discharge of these plants if the plant is not doing an efficient job.

In waters affected by sewage, both the plant life and the fish population will change. From the many species found in clear water the number will be reduced to a few as those unable to exist in sewage die off to be replaced by increasing number of the few species which thrive in dirty water.

Duell expressed the opinion that lakes in the area are "aging" faster than they should—in short, the desirable population in the waters, both vegetable and fish, is being too rapidly reduced and the undesirable species increasing. This indicates undesirable conditions in the waters. This process must be halted and reversed if the lakes are to continue in use as a recreational area, he warned.

Duell said in his opinion all localities near lakes, with increasing populations, will eventually have to install proper sewage systems to combat the problem. He pointed out that, although the initial cost of an efficient sewage treatment plant is high, the upkeep is low, and that the cost to the taxpayers over the years would, in many cases, be less than the cost of maintenance of individual septic plants. With increased property values in areas with sewage systems, the property owner finds the investment well worthwhile, he said.

Richard Waters, president of the Northern Illinois Conservation Club, has volunteered to take samples of water for testing in this area. With the assistance of George Hucker, samples have been taken from Channel Lake, Lake Catherine, Lake Marie, Bluff Lake, Bluff Lake Channel and the north end of Grass Lake.

Samples are taken on Sunday afternoons and evenings. The sampling will continue throughout the summer.

Al Rothers, Woodcrest Subdivision, has been a patient at the Norwegian American Hospital in Chicago for several weeks.

Shirley Ferner, Channel Lake, was hostess at a luncheon last Thursday, in honor of Jean Youngquist of Waverly, Ia. Mrs. Youngquist and her family have been visiting at the Edward Baumann home the last few weeks. Guests at the luncheon were Marie Hucker, Jackie Zerr, Della Dockrey, Gene Conville, Renee Dahlman, Helen Zeien, Pat Harland and Tess Baumann. The Youngquist family returned home on Monday.

The public is invited to a card party to be given by the Ladies' Auxiliary of Felter's Subdivision on Thursday, August 10. The party will be held in the Beach House and will be for the benefit of the subdivision association.

The Thomas Chases entertained several families of relatives at a picnic supper on Saturday. The oc-

casional was the visit of two cousins of Paul Chase—Elsie Chase of Arkansas and Herbert Chase of Gurnee. Guests were the Lee McKinneys, Fred Runyard, Albert Chase, the Tom Runyards, the Dick Rogers and the Paul Chases.

The regular meeting of the Channel Lake Community Club will be held Tuesday, at the Channel Lake School house at 8 p.m.

Mr. and Mrs. William Chase at-

tended the state convention of the American Legion in Chicago on Thursday, Friday and Saturday of last week. William Chase is the commander of the Legion Post in Antioch and Mrs. Chase is the outgoing president of the Legion Auxiliary.

The William Scanlans spent several days visiting in Menominee, Mich., last week.

Margie Scanlan, daughter of Mr. and Mrs. William Scanlan, had a small party on Sunday, to celebrate her eighth birthday. Her birthday was on Monday. Her young guests were Jill Jasmer, Patty Bliz, Helen Zobia, Christine Abele, Susie Poullis and Gail Jasmer.

Mr. and Mrs. Dan Hazeltine, of

Chicago, visited recently at the home of Mr. and Mrs. Frank Hennig, Lake Avenue. The Hennig's grandson, Roger Hazeltine, was married recently in California. Mr. Hennig is recovering from a recent heart attack.

Mrs. Charles Schulz, Woodcrest Subdivision, was surprised on her 67th birthday on July 27 by a group of friends who gathered to help celebrate the occasion. Present were Mr. and Mrs. Ed Baumann, Mr. and Mrs. Henry Youngquist, Mr. and Mrs. Bill Abele and family and Mr. and Mrs. Henry Youngquist, Jr., and family. The 66th birthday of Mr. Youngquist, Sr., was celebrated at a family gathering a week earlier, on Thursday, July 20.

## State Revokes Driver Licenses of Three

Three area residents had their driver's licenses revoked in recent action by the Drivers License Division, Secretary of State Charles Carpenter.

The action was taken against Robert J. Lutterman, 1020 South Main Street, and Peggie A. Schoenbeck, Box 198, RR 1, both of Antioch, and William Klemchuk, Jr.,

Petite Lake Park, Lake Villa. The action was taken for driving while intoxicated, according to the division.

The licenses of 32 other Lake County drivers were either revoked or suspended in action last week by the division.

## Club Celebrates Christmas in July; Prince of Peace Festival Begins

By Mrs. Bernice Borman  
Elliot 6-5649

LINDENHURST—It was Christmas in July last week at the Joyce Maloney home on Thornwood Dr. As hostess for the "Wood Chicks," ladies' club of this community, she conceived the idea of a Christmas in

July party for the evening of July 26, and decorated her home accordingly—with the Christmas motif everywhere... sleigh bells, pine cones, candles, wreaths, greetings cards and other items indicative of Christmas.

Each arriving guest was greeted in the traditional manner of the season.

Santa Claus was there in the person of Fred LaChance, who summed up a sizable list of what guests desire next Dec. 25. To add to the decor, Christmas cookies were served along with other appropriate refreshments.

Mr. and Mrs. Bud (Phyllis) Kleban, 57 Longmeadow Drive, observed their seventh wedding anniversary July 25. They have three small children, Mitchell, Bradford and Andrea.

Last Sunday they attended the White Sox-Baltimore game in Chicago with Mr. and Mrs. Lou Harceg, of Longmeadow Drive. On the way home the Klebans had car trouble and had to be towed to a garage in Chicago. They called on neighbor Jim Mazer, of Longmeadow Drive to pick them up, which he did.

The Altar and Rosary Society of Prince of Peace Church in Lake Villa postponed its Communion Sunday until August 13. The Holy Name Society has postponed its Communion Sunday until Aug. 20.

Are you saving rummage items and coat hangers for the Lindenhurst Women's Club? You should. For pick-up call Elliot 6-5649. The sale will be Sept. 16 at the Lindenhurst Civic Center.

Mr. and Mrs. Richard (Peggy)

Finley of Honeyuckle Court, are the parents of their second child and first daughter, born July 23 in Victory Memorial Hospital. She has been named Michelle and weighed an even 8 pounds at birth. Their other child, David, is one year old.

The newcomer is the granddaughter of Mr. and Mrs. Anton Merkel, of Edo Road, in Gurnee, and Mr. and Mrs. Howard Finley, of Waukegan Road, Gurnee.

The "Gad-a-bouts" played pokkeeno at Mrs. Hank Uebele's home, 105 North Hawthorne Drive, on July 26.

Mr. and Mrs. Ray (Pat) Parpan, 1912 Fairfield Road, welcomed their fifth child, Daniel John, born July 26 at Augustana Hospital in Chicago. Little Danny tipped the scales at 7 pounds, 15½ ounces.

The other Parpan children are Raymond Dean, Mary Jo, Brian and Tommy. July 26 was also their 10th wedding anniversary; Aug. 2 was Pat's birthday.

Paternal grandmother is Mrs. Mary Parpan, of Chicago. Mrs. Bernard Ginely, grandmother, also of Chicago, has been here all week taking care of the children.

The Lindenhurst Men's Club will meet tonight in the basement of the new Civic Center. Plans for a father and son get-together in September will be discussed. Paul Wright is president.

The Lindenhurst Garden Club will meet Monday at 8 p.m. at the E. J. Hooper school on Sand Lake Road. Mrs. Curtis Billings will be the guest speaker for this meeting. There will be an admission charge for this meeting only. Anyone desiring a ride may call Mrs. Hubert Bechtol.

The annual flower show of the club will be held Aug. 12 at the Hooper school.

Mr. and Mrs. Raymond Claffy, 2415 S. E. Thornwood Drive, are newcomers to the community. They formerly lived on Rushmore Road in Fox Lake. They have three married daughters living in Wheaton, Wheeling and Chicago. Also a foster child, Ronnie, 8, and an adopted daughter, Debbie, 5. They have eight grandchildren.

Ray is a carpenter foreman for Mel-Vern Construction company in Zion. Wyneth has been leader of Brownie Troop 126 since she moved here. She was in girl scouting three years with her daughters and she will soon receive her five year pin. She is the former co-leader of Troop 159 in Fox Lake.

The Claffys just returned from a two week camp out at Oak Point State Park where they lived in a three-room ranch tent. On Mrs. Claffy's birthday, July 19, Mrs. Dorothy Dam, leader of Girl Scout Troop 159 in Fox Lake and her 10 girl scouts visited them and set up their tents and camped out with them overnight. They fished and swam in Channel Lake.

The "Night-owls" canasta club met with Mrs. Gilbert Povillaitis at her home on Fairfield Road last Friday evening. Ida Christensen won a candy dish, Ruth Burke a cake keeper and Georgia Sutherland a candle holder and flower container. Remaining players were Bert Harceg, Pat Schartz, Betty Janega, Mel Uebele, Helen Mindak and Pat Vrba.

Ruth Burke was elected treasurer for the coming year and Bert Harceg treasurer of the flower fund.

Prince of Peace Church in Lake Villa will open the annual festival this evening. Among many attractions will be rides for children and adults and games. Chicken barbecue dinner cooked outside on an open pit will be served on Sunday. For the small fry there will be pony rides on Sunday. From one o'clock Saturday afternoon until evening there will be a home baked cake sale, which will continue after all the masses on Sunday.

If success enlarged the heart as much as it does the head, what a wonderful world this would be.—Herald, Ripley, W. Va.

## Men Eligible for Social Security at Age of 62

Men can now receive Social Security benefits at age 62 due to a recent amendment to the Social Security Law.

The amount of the monthly benefit will be reduced depending on the number of checks the worker will receive before he is 65. For example, a man who applies for benefits at age 62 will get 80 percent of the amount he would have received at age 65.

The dependents of a man who retires at age 62 may also receive benefits. Children under age 18, wives who are age 62, or wives at any age who have minor children in their care may receive monthly benefits.

Dependent widowers and dependent fathers of workers who have died can get benefits at age 62. Their benefits like those of widows and dependent mothers are not reduced. The Committee on Finance of the

Senate, in recommending a change in the law, said, "The provision of benefits at age 62 for men will help to alleviate hardships faced by that group of men who, because of ill health, automation, or other technological change, are forced into premature retirement before age 65." For more information on this change in the law contact the Waukegan Social Security office at 1515 Washington St., or write for Leaflet No. 1.

## PLAY POSTPONED

Casting problems have caused postponement of the play "Dial M for Murder," scheduled for presentation late this summer by the Palatte, Masque and Lyre drama club here.

The play will be presented at a later date, it was announced.

If there were more self-starters, the boss wouldn't have to be a crank.—Examiner, Bellefontaine, O.

## Dial Service Coming to Antioch and North Antioch, Wisconsin

Modern dial telephone service is coming to Antioch and North Antioch Sunday, August 20th! This means you'll have the finest telephone service anywhere!

Besides local dialing one and two party telephone users will also get nationwide Direct Distance Dialing. You'll be able to dial your own Long Distance calls to millions of telephones throughout the United States and Canada.

You'll also get a different style telephone number as part of this change to dial telephone service. The number will have seven figures and will become effective when dial service begins. Please continue to use your present number until the changeover.

In a few days, a telephone directory listing all the new telephone numbers will be delivered to you. Please use your present directory until August 20th.

If you have any questions about dial service, just call the Illinois Bell Telephone business office. Our number until August 20th is Antioch 9981 (beginning August 20th it will be 395-9981).

## **Kitchen and Laundry Exhibit Among Attractions Set for County Fair**

A special kitchen-laundry exhibit will be a feature attraction at this year's Kenosha County Fair, Aug. 10-13 at Wilmot.

The mobile trailer exhibit, planned and prepared by the University of Wisconsin, contains a small-size kitchen, complete laundry, showing equipment and cabinets for kitchen or laundry units; and convenient storage areas.

The exhibit is being brought to Kenosha to aid homemakers who frequently seek information and assistance in planning kitchens and laundries.

The contents of the trailer are not intended to show an ideal arrangement for this is not possible in limited space. However, the exhibit will give suggestions which people may incorporate when building or remodeling.

The kitchen area includes a mix center, sink center, cooking center, and serving center, and features built-in oven and surface units, range hood, dishwasher, waste disposer, pull-out cabinet shelves, towel drying area, corner cabinet, baseboard heater, bleached oak cabinets and appliance outlet center and lighting features. Laundry area includes storage ideas, a drip-dry area, sorting rack, washer, dryer, ironer and wheel table.

The exhibit will open Thursday evening and continue Friday from 10 a.m. to 10 p.m., and Saturday and Sunday from noon until 10 p.m. Kenosha home demonstration groups will serve as hostesses.

## **Rainbow Girls On the Move**

A contingent of members of Order of Rainbow for Girls, Antioch Assembly, will attend the Grayslake and Waukegan Assembly friends night next Tuesday and Thursday, respectively. All girls wishing to attend should contact Mrs. Wilma Gibbs.

The Antioch Assembly was invited to attend a reception and friends night of Lake Forest Assembly last Tuesday, and on Wednesday evening, the girls, accompanied by Mrs. Wilma Gibbs and Mrs. Martha Hunter, attended the Jewel Assembly for the reception of Diane Welker, grand worthy associate advisor of the State of Illinois.

Jane Lassen and Patricia Brown will hold a roast beef dinner for the Assembly on Saturday, Aug. 26, at Wesley hall.

## **Festival Dinner Attracts 700**

More than 700 dinners were served during the Sunday afternoon smorgasbord at St. Peter's as a feature of the three-day annual summer festival, it was announced at the close of the event by Mrs. Charles Solar, dinner chairman.

The festival opened Friday evening at 7 p.m. and continued until 1, with Saturday activities continuing from 12 noon until 11 p.m.

The Sunday smorgasbord from 12 noon until 6 p.m. was the climax of the three-day affair.

Emil Kubs was general chairman, with Mrs. Charles Solar, Mrs. Henry Cory, Charles Forster, Henry Apostol and members of the Altar and Rosary and Holy Name Societies assisting.

Proceeds from the festival will benefit the youth center to be constructed at St. Peter's. Ground breaking ceremonies for the new structure will be held Aug. 13.

## **Salad Bar and Garden Show Planned Aug. 15**

The annual salad bar luncheon and garden show of the Altar and Rosary Society of St. Peter's will be held Tuesday, Aug. 15, it was announced today.

Final planning for the event will be done at a meeting 7:30 p.m. today at the church hall. Mrs. Vincent Stonis and Mrs. Leroy Frank are co-chairmen for the event.

The luncheon Aug. 15 will start at 12:30 p.m. Complete scheduling for the event will be announced next week.

## **Friends Join in Birthday Party**

Debbie Belser, daughter of Mr. and Mrs. Nathan Belser, of Lake Villa, celebrated her 12th birthday Friday with a party for seven friends and classmates of Prince of Peace School.

Her guests were: Julie Oelrich, Janice Brenna, Pat Tully, Lynn Dirksen, Carol LaBarbera, Linda Beager and Bonnie Karkowski.

## **Betrothed**

Luisa Vos

Mr. and Mrs. Edmund F. Vos, 578 North Main St., Antioch, announce the engagement of their daughter, Luisa Charlotte, to Michael G. Andrea, of Barrington.

Miss Vos is a senior at National College of Education, Evanston.

Mr. Andrea, the son of the Arthur C. Andrea, of Barrington, is a senior in the School of Business, Northwestern University.

## **To Wed Aug. 19**

Marcella Dorsey

A wedding Aug. 19 is being planned by Miss Marcella Dorsey, whose engagement to Bradford Phillips has been announced by her mother, Mrs. Anna Dorsey, Edwards Road, Antioch.

The bride-to-be attended Wisconsin State College at Whitewater and is now teaching at Beach Park School in Waukegan.

The prospective groom is the son of Mr. and Mrs. Peter Phillips, of Caledonia, Wis.

The couple will be married at 11 a.m. August 19, at St. Patrick's Church in Wadsworth.

Mr. and Mrs. Steve Pawlowski, of 1105 James Dr., Venetian-Village, marked their 50th wedding anniversary yesterday.

They will observe the occasion on Sunday by attending 10 a.m. mass at the Prince of Peace Church, followed with a dinner at home with their two sons and families.

## **HOSPITAL PATIENTS**

Reported as hospital patients last week at Condell Memorial Hospital, Libertyville, were Theodore Ohlund and Mrs. Audrey Allan.

## **NEW DAUGHTER**

A daughter was born last week to Mr. and Mrs. Lawrence Jonaitis, Lake Villa, in Condell Memorial Hospital, Libertyville.

## **Rustads Hold First Reunion In 15 Years**

By Mrs. Bernice Bernau

LINDENHURST — A reunion of the Rustad family, the first in 15 years was held July 22 at the homes of Mrs. Earl Speigler, 562 North Fairfield Road, and her sister, Mrs. Gerald Harsh, who lives next door.

Present for the reunion was their mother, Mrs. Alma Rustad, of Manitowish, Mich. Mrs. Gene Cameron and son, Kenneth, of Lakeland, Fla. Mrs. Sigrid Nielsen and daughters, Carol and Nancy, of Oaseo, Minn. Mrs. Frank Dalla Valle, of Highland Park, and Miss Gundrun Rustad, of Chicago.

Unable to attend the reunion were two brothers, Vernard Rustad, of Baltimore, and Ralph, of Detroit.

The adults dined on the Speigler patio and the children were served on the Harsh patio. Several out-of-towners stayed through the week and left for their homes on Saturday.

## **Advertisers Make Concerted Effort To Sell Children**

The innocence of childhood daily is being tested by exposure to "the roughest huckstering techniques developed by the advertising industry," according to Changing Times, the Kiplinger Magazine.

An article in the current issue of the magazine deals with the schemes that have evolved in recent years to get hold of youngsters' nickels, dimes and dollars through ads in their favorite reading material—comic books and teen-age magazines.

"Many publishers do keep tight control of the advertising they accept in order to weed out the slick deals," the article notes. "The Post Office and Federal Trade Commission are also constantly on the lookout for fraudulent and deceptive practices. Yet even these barriers cannot stop all quick-footed sales outfits."

The magazine checked with government enforcement officials, publishers, advertising men and child specialists to determine how widespread the problem is. In addition, staff members answered ads in representative publications, using themselves and their children as guinea pigs.

"What these efforts unearthed is a depressing collection," the editors report. They found "services that prey on youngsters' ambition, to make something of themselves, wil-o'-the-wisp 'free' products; sly devices to push children into buying something they may not want; claims stretched to—if not beyond—the limit of exaggeration associated with hard-sell advertising for adults."

Among items ordered by the magazine staff members was "a real mobile tank" for "only \$4.98" which turned out to be cardboard sections, which had to be assembled by inserting cardboard tabs on each part into slits cut in the others.

Other ads followed up by the magazine were for contests that are not contests but sales gimmicks; stamps that are not stamps, poems to be set to music, and private training schools for airline jobs.

"Although the teen-ager may be nicked for many more dollars than his younger brother, every child duped by a slick advertisement stands to lose something in terms of his attitude toward life," the article concludes. "Childhood is a time of training for adult life, and children, obviously, should not be sheltered in total ignorance of the fact that there are advertising gimmicks or that there are people who will mislead them for the sake of a buck."

"The problem is to teach them this without making them learn the hard way by becoming involved in some frustrating sales scheme or letting them get the notion that such operations are the accepted norm of American business and advertising ethics."

University of Illinois College of Veterinary Medicine, established in 1944, is the only institution of its type in the state.

## **Sale and Picnic Chief Moose Events for Week**

Enrollment night for Women of the Moose, Antioch Chapter 735, will be held tonight at the Moose Hall.

As part of "Maxwell Street" sale by Antioch merchants, Aug. 3-5, WOTM's Library Committee will have a white elephant sale in front of the hall. Barbara Cook will be in charge of the booth.

On Saturday, the Moosehaven Committee will hold a bake sale in observance of "Maxwell Street". This phase of the sale will be under chairmanship of Barbara Wetherbee.

Members of the Loyal Order of Moose and their families will hold

a picnic at the Antioch Aqua Center this Sunday.

On August 9, at 7:30 p.m., the Publicity Committee under chairmanship of Elsie Toman, will meet at the home of Emily Novotny.

## **BIRTHDAY PARTY**

Some 25 friends attended the party for Sheryl Moore Sunday, on her 18th birthday. The party was given by Mr. and Mrs. Henry Bradley, of East Loon Lake.

## **HOLY HOUR**

The Sacred Heart Holy Hour of St. Peter's Church will be held from 9 p.m. until 10 p.m. Friday.

## **NEEDLESS ATROCITIES**

Three little boys died last week in New Hampshire, inside a frozen food cabinet they had used for a hiding place.

This tragedy, and the other deaths that have gone before and will come after, can only be described as needless atrocities.

Junked freezers and refrigerators must in many places have their deadly air-tight doors removed before they are abandoned. This is not enough. Many deaths can be blamed on appliances that are in use at the time.

We call for immediate introduction and passage into law, of a measure that will forbid the manufacture or sale of any appliance of this nature without a safety door. A safety door would have an absolutely foolproof inside latch that could be opened by even the smallest and most frantic hand.

We feel that immediate action is necessary on such a bill. Any par-

ent who writes his congressman, or who even clips this editorial and sends it to him, may be the deciding factor

**SONG BASE** committee, formed by Congressman Henry C. Schadeberg, met recently to discuss disposal of the 5,400-acre base. They recommended the state purchase the land and place most of it back on tax rolls. Three members of the group met recently with Wisconsin Gov. Gaylord Nelson to map out purchase plans. Present at the Burlington meeting were (seated left to right) — Urban Uppers, Bristol; C. Roy McCanna, Burlington; Carl Becklin, Burlington; Fabian Monfils, Kenosha. Standing — Oscar Jones, Watertown; Mayor Eugene Hammond, Kenosha; George Schlitz, Wheatland; Philip Warren, Burlington.

## DEATH NOTICES

### ERWIN E. DIEBALL

Funeral services will be held at 11 a. m. tomorrow for Erwin E. Dieball, 64, retired printer of Lake Marie, who died at 3:15 p.m. Tuesday at Downey Veterans Administration Hospital following an illness of two years.

The deceased, a resident of Antioch for the past 15 years, was born Dec. 6, 1896, in Chicago, where he lived until moving to Antioch. He served in the Navy during World War I, and was a printing pressman for Callaghan & Co., Mundelein, until his retirement seven years ago.

Survivors include his widow, Ida, two sons, Arthur E., Grand Rapids, Mich., and Robert C., Oak Park, Mich., a brother Elmer Dieball, Antioch, a sister, Edna Lewan, Chicago, and two grandchildren.

Services will be conducted from Strang's Funeral Home with the Rev. Wallace Anderson officiating. Interment will be in Concordia Cemetery, Forest Park.

Friends may call at Strang's after 4 p.m. today (Thursday).

### NELLE VOS

Nelle Vos, widow of Herbert J. Vos, former residents of Antioch, died in Cedar Rapids, Ia., July 26, following a lengthy illness.

Mrs. Vos was born in Marshalltown, Ia., Oct. 8, 1890.

Surviving are a daughter, Mrs. Howard Cambridge, of Cedar Rapids Ia.; a son, William, of Groten, Conn.; eight grandchildren; and a brother, Charles McCarthy, of Burlington, Wis.

Her husband, Herbert, preceded her in death in February, 1937.

Services were held Saturday morning in Burlington.

### DORIS M. JAMISON

Funeral services were held at 2 p.m. Monday for Miss Doris M. Jamison, 52, lifelong Millburn resident who died Saturday noon at the home of her sister, Mrs. George R. White in Hebron, Ill. She had been ill since mid-June.

The deceased was born in Millburn on Jan. 23, 1909. She graduated from Warren High School and received a BS from Downer College in Milwaukee, a degree in dietetics from St. Luke's Hospital, Chicago, and a master's in this subject from Northwestern University.

She taught for several years in the Lake Villa Grade School and had served as dietitian at Illinois State Hospital, Chicago, for the past six years.

She was a member of the Millburn Congregational Church and Chapter 570, Order of the Eastern Star.

Survivors include her sister, two nephews and cousins.

She was preceded in death by her parents, Dr. and Mrs. Homer (Martha) Jamison, of Millburn.

Services were conducted at Strang's Funeral Home, Antioch, with the Rev. L. H. Messersmith officiating. Interment was in Millburn Cemetery.

### JOSEPH J. RADOMSKI

Funeral services were held here at 10 a.m. today for Joseph J. Radomski, 71, Paddock Lake, Wis., resident who died Monday evening at his home there following a lengthy illness.

The deceased was born Oct. 23, 1889, at Minonk, Ill., and lived in Chicago from 1892 until 1947, when he moved to Paddock Lake.

He was a member of the Holy Name Church and Holy Name Society, Wilmet; Schultz-Hahn Post 293, American Legion at Silver Lake; Lithuanian Citizens Club and the White Star Club, both of Chicago.

He worked for the U. S. Internal Revenue Department from 1927 to 1932 as an accountant and was later employed in the Cook County treasurer's office. He later was

## Junior Horsemen Invited to Join Fair Attraction

Junior horsemen will be in the limelight during the final day of the Kenosha County Fair at Wilmet, Sunday, Aug. 13, during the horsemanship for the younger set to climax the four-day event.

The event, to begin at 4 p.m. Aug. 13, is limited to riders 21 years and under.

According to co-chairmen of the show, Russell Olson, Bassett, and Miss Grace Carey, Wilmet, trophies and five ribbons will be awarded in each class. Entries will be limited to 20 per class.

Classes 1-5 include jumping, bareback riding, pole bending, ponies in harness, and pleasure ponies for riders 12 years old and under. The latter class will be judged on appearance, manners and suitability, 50 per cent; pony and rider, 50 percent.

During intermission a greased pig will be awarded to the 4-H boy between 12 and 16 years old who can capture the animal.

Scheduled for classes, 6-12 is a calf-throwing contest for girls. Specialties include a water carrying race for riders 12 and younger, a clover-leaf turning race, and an audience reaction judging of novelty costumes for rider and mount, a flag race and musical chairs race. Entry fee for contestants will be \$1.

self-employed as an accountant.

Survivors include his widow, Anna, two sons—Richard, of San Francisco, and Ronald, of Paddock Lake, a sister—Mrs. Stella Polonis, of Fayetteville, Ark., and three grandchildren.

Services were held from Strang's Funeral Home with the Rev. Joseph Savage officiating. Interment was in Holy Name Cemetery.

## Radical Change Noted In Field of Medicine

The field of medicine is undergoing radical changes, in medical research, in the health problems of the individual and in medical economics, according to Changing Times, the Kiplinger Magazine.

In a series of special reports in the current issue of the magazine, the editors discuss latest medical trends, finding a family doctor, how to stretch health dollars, sensible ways to keep health, budgeting for medical bills, figuring tax angles and the smart way to buy health insurance.

In introducing the reports, the editors state that the aims of medicine can be summed up as four major objectives: to get good medical care to all of the people; to give disease prevention top priority in tackling the health problems of an individual or of a family; to return to the basic idea that a whole man gets sick, not just one or more of his organs, and to coordinate work of specialists to eliminate "piecemeal" medicine; and, to expand research and development of new methods of treatment.

The magazine points out that as yet there is no clear vision of how

these four aims will eventually be accomplished, "but there is already evidence of a good many experiments, some following suggestions of leaders in the field of health, some cropping up as individual doctors try to meet obvious problems."

"Many new approaches are in the works, and others will be coming along. One thing is clear—a good deal of tinkering with the problem and scores of new ways (perhaps radical ways to the tradition-minded in the medical profession) will be needed if the promises of health and longevity are to be fulfilled."

### COUNTY OF LAKE

TO WHOM IT MAY CONCERN:

**PUBLIC NOTICE** is hereby given to all persons in the Town of Antioch, Lake County, Illinois, that a public hearing will be held on August 18, 1961, at 1:30 P. M., in the Village Hall, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify by amendment thereto, from the R-4 Residential District, to the F-Farming District, and a Special Permit for recreational camp and religious retreat for children of school age, on the following described real estate, to-wit:

That part of Section twenty-one (21), Township forty-six (46) North, Range ten (10), East of the Third Principal Meridian, described as follows, to-wit: Beginning at a point 257 feet East of a point on the West line of Section 21 aforesaid, 52.5 feet North of the South West corner of the North West quarter of the South West quarter of said Section; running thence North parallel with the West line of said Section 1271.5 feet to the East and West quarter line of said Section; thence East on the said quarter line 412.5 feet to the West line of Villa Rica Subdivision which is the West line of the East half of the North West quarter of the South West quarter of said Section 21; thence South along said West line 1009 feet to the Northerly line of Right of way as described in the Deed from Andrew T. White and June White, his wife, to Esch Brothers and Rabe Ice Company, a corporation of Illinois, dated May 25, 1899 and recorded May 29, 1899, as Document 74495, thence South Westerly along said Northerly line, to the place of beginning, in Lake County, Illinois.

As the result of the petition of **THE MOODY CHURCH**, of Chicago, Illinois, which petition is on file and available for examination in the office of the below named Board, 316 Washington Street, Waukegan, Illinois.

All persons interested are invited to attend and be heard.

**LAKE COUNTY ZONING BOARD OF APPEALS**

Max Pilz  
Chairman Pro Tem.  
Dated at Waukegan, Illinois, this 3rd day of August, 1961.

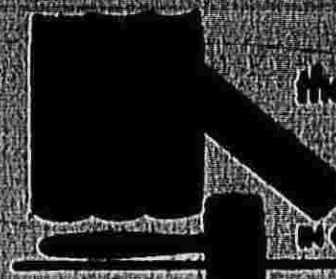

### Legal NOTICE FOR BIDS

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Board of Trustees of the Village of Antioch, Lake County, Illinois, at the special meeting, Tuesday, August 15, 1961, until seven-thirty (7:30) o'clock P. M. (D.S.T.), said meeting to be held at the Antioch Village Hall, Antioch, Illinois, for earthwork grading for future paving in Anita Street from Depot Street to North Avenue within said village, in accordance with specifications on file with the Village Clerk and which specifications will be made available to all parties desiring to bid.

Bids shall be addressed to C. B. Shultis, Village Clerk, and shall be in his hands on or before seven-thirty o'clock (D.S.T.) August 15, 1961.

The Board of Trustees reserves the right to reject any and all bids, to waive any informality in any bid, and to accept any considered advantage to the Village.

This notice is made pursuant to direction of the Board of Trustees of

## THE LAW

A PUBLIC SERVICE OF  
ILLINOIS STATE BAR ASSOCIATION

IN COOPERATION WITH THE NEWSPAPER

**FITFALLS**  
The purchase of a home is probably the largest single investment that the average person makes during his lifetime. There are many dangers involved in this apparently simple transaction. The few rules of thumb outlined below are suggested so that you, as a home-buyer, will be able to enjoy your new home without annoyance and unexpected expenditure, and resell without difficulty.

### First Document Crucial

After the prospective purchaser decides to buy, and the price is agreed upon, the question of a contract arises. The buyer is often urged to sign a paper immediately, and at the same time to make a cash deposit. He may be told by the owner or agent that the paper is merely a form of "binder" which everyone uses. It usually consists of an offer to purchase, and if it is accepted by the seller, a binding contract will be created even though the buyer has been told that a "contract" will be signed later. That first paper establishes many of the buyer's most important rights and duties in the transaction, and if it does not adequately protect his interests, he may find that what appeared to be an attractive purchase is in fact a serious financial liability.

The following are some of the more important things a buyer should look for in the contract of purchase.

### Description

The contract should contain the technical legal description of the property and not merely a street number. The purchaser should make certain that all structures on the land are inside the lot lines, and that there are no structures encroaching from adjoining lots.

### Payment Provisions

The contract should set out the purchase price and the amount of any money deposited in connection with the contract. The agreed method of payment should be stated clearly. Should the buyer intend to borrow part of the purchase price, the contract should provide for cancellation and return of the cash deposit if he is unable to obtain a loan on satisfactory terms. Also, if the buyer intends to take over an existing mortgage, he should carefully

examine the terms of the mortgage in advance.

The contract should require the seller to provide an abstract of title within a specified time. But the buyer cannot rely on the abstract alone. It must be examined by an attorney who will render an opinion on the present quality of the title.

**Should Specify Deed**  
The contract should specify the type of deed the buyer is to receive. If the seller conveys a "warranty deed," he promises to protect the buyer if the buyer does not receive the entire possession and title which the deed is supposed to convey. Much less protection is afforded by a "quit-claim deed." As a general rule, a buyer should not agree to accept anything but a warranty deed, without the advice of an attorney.

It is important that the contract specify the date the buyer is to take possession of the house. If he is delayed in acquiring possession, he may be subjected to heavy additional expenses. A provision allowing the purchaser to withhold a part of the purchase price or cash payment until he is in possession will help to protect him on this point.

### Personal Property Troubles

A frequent source of difficulty is the question of personal property to be sold with the house such as carpeting, storm windows, stone, etc. The contract should list the property to go to the buyer and that to go to the seller. The buyer should also check for recent improvements on the land, or the delivery of material to the premises, which might be the basis for a contractor's lien he would have to pay to prevent foreclosure.

Finally, the contract should set up a reasonable time schedule for the completion of the sale. Dates for furnishing evidence of title by the seller, the time allowed to the seller to settle any objection to title, and the date for the closing, should be specified. The contract, as well as the deed, should be signed by the seller, and if he is married, by his wife also.

... This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

## Educators Map College Program

School officials from this area met at the Racine-Kenosha Teachers College, recently to plan summer sessions at the college in the near future. Because of the limited time till summer sessions open, the group laid plans for college classes for the summer of 1962. Courses are planned mainly for individuals who are working toward their Bachelor's Degree in Elementary Education. Individuals concerned are people who have graduated from the two-year course offered at the Racine-Kenosha Teachers College and are presently teaching.

Evening classes at the college will again be offered as usual, beginning in September; classes to be announced in August.

By availing themselves of summer and evening classes, two year college graduates will qualify for their Bachelor's degree within a period of five years, while engaging in full-time teaching. Under the new program, students may earn 32 credits by extension at Racine-Kenosha County Teachers College and 32 credits in residence at Whitewater in order to complete their Junior and Senior year in college.

Plans made will integrate the local two-year county college program closely with the four-year program at Whitewater, so that students participating will continue from the two-year course into the four year course with no unnecessary waste of time and fees. Further

the Village of Antioch on the 1st day of August, A. D. 1961.

C. B. SHULTIS  
Village Clerk of the  
Village of Antioch

## Flood Mapping Seen as Key To Controls in West Lake

A flood mapping program now being conducted in this area may reduce the hazards of flood damage experienced recurrently in the Chain O' Lakes area.

The new project is an attempt to discover flood susceptibility areas and then keep subdivision and other damage prone development from locating in those places.

Exploitation of easily flooded grounds has been an almost too common practice in the townships of west Lake County in recent years.

Paul Oppermann, executive director of the Northeastern Illinois Metropolitan Planning Commission, said that by defining trouble spots, the maps will help counties and municipalities to:

1. Prevent improper land development in floodway areas.
2. Restrict uses which would be hazardous to health and welfare and which would lead to "undue claims upon the public treasury for money."
3. Encourage adequate channel maintenance.
4. Protect prospective landowners from being victimized through purchase of land subject to flooding.

The project is scheduled for completion on June 30, 1960. Lake County will be part of the Highland Park quadrangle of maps.

According to Karl Berning, chairman of the Lake County Board of Supervisors, the flood hazard mapping program will provide indisputable basis for regulation of flood plains through zoning.

He said the plan would "thereby afford the controls needed to discourage home buyers, builders, developers, financial institutions and Federal agencies from participating in inappropriate developments."

Accompanying each map will be an analytical and interpretative text which will include a flood frequency analysis and a listing of recorded floods.

A network of approximately 200 crest stage water markers will be installed in the Lakes and other participating regions.

It is stressed that the approach is a local one, for only local governments can put the maps to use through zoning and other means.

The program will prevent hazardous development instead of permitting it, and then spending money to protect it as is many times the case in west Lake County.

## New U. S. Army Recruiter Takes Over in N. Lake

M/Sgt. James E. Bridges has arrived here to replace SFC William G. Murphy, U. S. Army recruiter who has been transferred to Hawaii. Sgt. Bridges will be working primarily in the Waukegan and northern half of the county, while the southern half will continue to be the province of SFC James H. Tattman.

M/Sgt. Bridges, a veteran of over 18 years service, has just returned from three years assignment in Frankfurt, Germany. He is no stranger to this area, having served several times at Ft. Sheridan, and is a Milwaukeean, where he also spent over three years in the Army Recruiting Service.

The sergeant has had a colorful and interesting career in the Army. A veteran of World War II and the Korean conflict, he has served in various transportation capacities in the U. S., Europe, Far East, and Labrador and Greenland. He has also been in the Infantry, Coast Artillery (as a barrage balloonist), Armor and Military Government.

With less than two years remaining before his eligibility for 20-year retirement, Sgt. Bridges is delighted at being stationed so near his home town. Although in his 30's when entering the Army in 1942, the sergeant has not decided as yet whether or not he will retire after completion of 20 years. "The Army has been an interesting career for me," he said. "Eighteen years have passed so quickly that I will probably stay longer."

M/Sgt. Bridges has established residence at 1624 Walnut St., Waukegan. The Army Recruiting Office is located at 325 Washington St., Waukegan, phone ON 2-5260. After duty hours he can be reached at CH 4-4022.

The state health department issues a warning against capturing or purchasing skunks for use as pets. Since June 1 positive rabies reports have been issued on 14 skunks; 37 have been diagnosed as rabid since Jan. 1. During the first six months 424 rabies treatments were distributed to persons known to have been exposed or bitten by rabid animals.

### MOVE

Get on the right track and keep moving—you'll be run over by others if you just sit there.—Lincoln Graphix.

## Lake Villa News

By Mrs. Fred Bartlett  
Lake Villa, Ill. 6-5375

LAKE VILLA—The Lake Villa American Legion Auxiliary will meet Monday, August 14, at Johnson's Fourth Lake Resort, Fourth Lake, starting at 8 p.m. President Undine Perkins will preside.

The next regular meeting of the Royal Neighbors of Lake Villa will be held Tuesday at 8 p.m. at the Lake Villa Village hall.

On Wednesday, the Royal Neighbors of Lake Villa will hold their annual card party starting at 1 p.m. at Lake Villa Village hall. Dessert luncheon. There will be table prizes and other prizes offered.

The public is invited to the Prince of Peace Catholic Church festival and chicken barbecue Aug. 3, 4, 5 and 6. Chicken dinners will be served at 12 noon Sunday. Cooking will be done over a 60 foot pit. There will be rides, amusements, games and refreshments.

Carrie Ann Bartlett, daughter of Mr. and Mrs. Fred Bartlett, Jr., was honored guest at a party Sunday in observance of her first birthday. The following attended: from Burlington, Wis., Mr. and Mrs. Ross Miller and sons; from North Chicago, George Walkanoff; from Lake Villa, her grandparents, Mrs. Helen Raymer and Mr. and Mrs. Fred Bartlett, Sr.; also Mr. and Mrs. William Simonsen and son, Jeffrey, Donna Michael and Carrie's sister, Carla.

Mr. and Mrs. Ed Jackley and daughter spent the weekend visiting relatives at Burlington.

Mrs. Tena Gerber and Miss Arlene Letting visited relatives at East Troy, Wis., over the weekend.

Mr. and Mrs. Willard Schneider and family are vacationing at Loon Lake, Hayward, Wis.

VFW Auxiliary president Frances Barnstable and her committee of Kay Kasting, Ollie Tweed and Mathilda Bartlett thank all the members, the VFW members and merchants who worked on and donated to the VFW annual salad bar and card party July 26.

Mr. and Mrs. Philip Wagner and family entertained relatives from Burlington, Sunday.

## Warns Marathon Driving Danger To Vacationers

Marathon driving is a deadly enemy of the vacationing motorist, cautions J. J. Cavanagh, president of the Chicago Motor Club.

"Many motorists, traveling on limited time and financial resources, try to pack the maximum amount of driving into their vacation," he said. "This greatly increases the chance for a traffic accident."

Cavanagh pointed out that the lived in Grayslake from 1927 until 1954, and had lived in Lake and Kenosha counties prior to that time. She was a resident of Camp Lake since 1954.

In addition to her husband, survivors include a son, Bernard H. Yopp, Grayslake, two grandchildren and six great-grandchildren.

She was preceded in death by a daughter, Gretchen Yopp, May 12, 1950, a brother and three sisters.

Services were held at 11 a.m. Tuesday from Strang's Funeral Home, Antioch, with the Rev. Stephen Liddicoat, United Protestant Church, Grayslake, officiating. Interment was in Grass Lake Cemetery.

driver who tries to set an endurance record on his vacation trip runs the risk of extreme fatigue which reduces alertness and reaction time.

He offered the following safety tips for those planning a motoring vacation:

1—Start your daily trip early in the morning so that you can stop early. It's a safe rule not to drive more than seven hours a day. Longer driving stints are dangerous.

2—During the trip, stop approximately every two hours for rest and refreshment. This helps you maintain your driving efficiency.

3—If more than one passenger in your car can drive, take regular turns behind the wheel.

4—To avoid drowsiness and highway hypnosis—constant threats on long trips—talk with others in the car or listen to snappy music on the car radio. Also avoid heavy meals during your trip.

### SMALL ADS ARE READ

Advertising is not the exclusive property of "big business." Thousands upon thousands of small retailers make a profit using newspaper advertising. The size of the space does not determine the selling ability of the newspaper advertisement. The newspaper's smallest advertiser has an equal chance with the largest space user, because people choose what they read. Nothing in the newspaper is forced upon their attention.

In any community there are exactly the same number of homes for the small merchant to enter as for the large store. The big store can't "black out" the smaller merchant with size, loudness, or values. Salesmanship and consistency are secrets the little merchant can use just as well as his big competitor.

## ALL ABOUT BABIES...

A Public Service of the  
National Baby Care Council

By L. M. Drennan, M. D.  
Chiriqui, Panama

### BANANAS A SOLID FOOD

Physicians today often recommend bananas as baby's first solid food. That this fruit is easy to digest and of high nutritional value, has been proved in numerous clinical studies.

Prominent among these investigations was a long-range study carried out at the New York Foundling Hospital. Bananas were given routinely to all infants as their first solid food. The age of the infants ranged from six weeks to eight months. Each baby averaged half a ripe mashed banana a day.

Seven years later, results were evaluated in 444 case records. Weight gain proved to be normal, with the most rapid increases evident in babies who were more than 15 per cent underweight. The low incidence of stomach upsets in the series is noteworthy, considering the number of ill and undernourished infants studied.

The study showed that ripe, mashed banana, when substituted for less digestible nonfruit carbohydrates in the formula, is readily assimilated by normal and malnourished infants. In sum, banana was regarded as an ideal, easily digested, first solid to offer infants.

These results have been corroborated in many other studies. Infants fed ripe bananas within the first days or weeks of birth have responded well. They are happier and more content, with fewer feeding problems.

One advantage of early banana feeding is that banana supplies vital

vitamins and minerals to an extent that supplemental addition of these essentials can be appreciably decreased.

Bananas supply an easy digestible carbohydrate, which in turn, through the calorie content supplies the needed energy along with milk and other foods in the baby's diet. The daily calorie requirement of babies varies with their age and weight. Therefore, it is wise to discuss the quantity of daily banana feedings with your doctor. When feeding banana to your

baby, be sure it is fully ripe—yellow peel, flecked with brown—and, until the baby is able to chew solid foods properly, the banana should be mashed with a fork or spoon. Babies take banana well and show evidence of taste enjoyment.

## News of Trevor

By Mrs. Grace Miller

TREVOR, Wis.—Mrs. Fran Gibson and Mrs. Lee Barhyte, Jr., were Wednesday shoppers in Kenosha.

Mr. and Mrs. George Vincent, Genoa City, visited at the Willis Sheen home on Sunday.

Mr. and Mrs. Ronald Vos spent Sunday in Kenosha with the Ray Anderson family. Patty returned home after visiting there a week.

The Drom family picnic was attended by the following members: Mr. and Mrs. Gus Drom, Manitowish, Wis.; Mr. and Mrs. Nelson Drom, Mesa, Ariz.; Mrs. Helen Prohl; Mr. and Mrs. Arnold Holts with three daughters; Mr. and Mrs. Joe Sponder and son; William J. Prohl and baby, all of Milwaukee, Wis.; and

Mr. and Mrs. John Eise and two sons and two daughters, of Fox Lake; Miss Beulah Drom, Urbana; Miss Edna Drom; Mr. and Mrs. Robert Eise, three daughters and one son; Mr. and Mrs. Leroy Eise and one daughter; Mr. and Mrs. Harold Eise; Mr. and Mrs. Clarence Larson and four sons and one daughter; Mr. and Mrs. Floyd Horton, all of Antioch; and Mr. and Mrs. Gilbert Halama of Salem.

Paul Zabedel of Chicago called on Trevor friends the past week.

Mrs. Edith Oetting and Mr. and Mrs. Frank Zarstorf, of Wilmett, called at the Charles Oetting home Sunday.

Mrs. A. Liesner, of Chicago, spent the weekend with Mrs. Nel Runyard.

On Wednesday evening Mrs. Roy Fial entertained a group of sixty ladies at Trevor Social Center hall.

## Millburn News

By Mrs. Frank Edwards

MILLBURN — Sunday morning services will be held at 10 a.m. There will be no Sunday School until Sept. 3.

The Rev. and Mrs. L. H. Messer-

Mrs. Leonard Sakalowski and children visited Mrs. Lee Barhyte, Jr., on Friday.

James Schultz spent Thursday and Friday with Eunice Wilton.

Mr. and Mrs. Bernard Staudinger, Mr. and Mrs. Ken Schemenhauer, Judy and Donnie; Mr. and Mrs. Greg Schemenhauer and Julie; and Mr. and Mrs. Henry Schemenhauer, all of Kenosha, were Sunday supper

guests of the Howard Schultz family.

Smith returned home Friday after visiting with relatives in Nebraska for several weeks.

The Devotional Study Group met Thursday morning at the home of Mrs. Lamont Ray with 16 present. The next meeting will be held the morning of Aug. 10 at the home of Mrs. Clifford Weber. Those attending are requested to bring any old eye glass and jewelry they may have.

Funeral services were held Saturday for John Lotz, brother of Mrs. Herbert Messner and Mrs. Fritz Klein. Attending services from Millburn were Mr. and Mrs. Messner, Mr. and Mrs. Herbert Messner, Jr., Mr. and Mrs. Klein and son, of Petite Lake, Mr. and Mrs. George Butler, and Walter Messner, of Rock Lake.

Margaret Paulsen, Caroline Westburg, Bill and John Bonner left

Monday morning for a week at the 4-H leadership camp at Monticello, Ill.

Mr. and Mrs. LaVerne Harling, Sr., of Kankakee, and Mr. and Mrs. Harling, Jr., of Lake Villa, spent Sunday afternoon at the home of Mr. and Mrs. Kenneth Young.

Glen Clark left Saturday evening for two weeks of duty in the U. S. Army Reserve at Fort Leonard Wood, Mo.

Miss Barbara Young spent Sunday with her parents, Mr. and Mrs. Kenneth Young. Barbara is attending summer school at Northern Illinois at DeKalb.

Mrs. Elmer Hauser and children of Beech, spent Wednesday at the Herbert Graham home.

Mr. and Mrs. Clifford Weber spent two weeks at Kentucky Lake. Returning home they visited their son, Duane, and family at Edwardsville (Wis.).

Mr. and Mrs. John Edwards and daughters, Susan and Lynn, of Libertyville, spent Sunday evening at the home of Mrs. Frank Edwards.

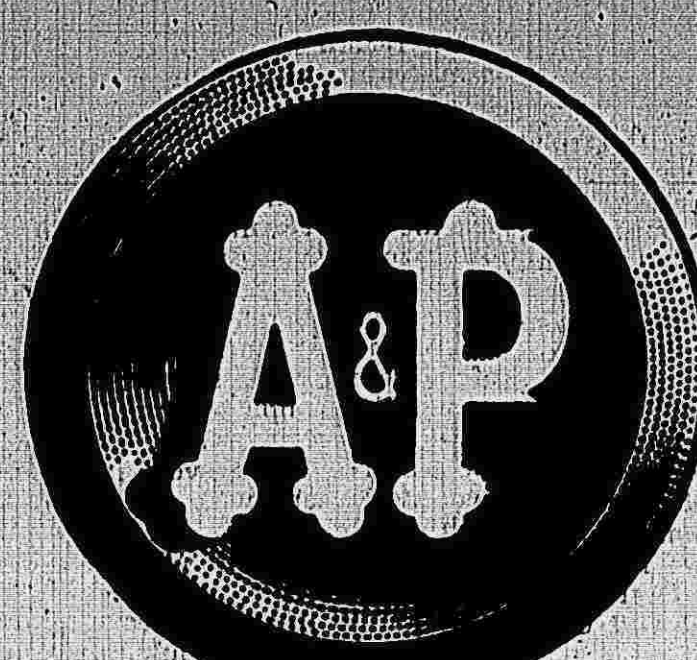

Funeral services for Miss Doris Jamison, of Chicago, formerly of Millburn, were held Monday from Strang's Funeral Home in Antioch. The deceased died in the home of her sister, Mrs. George White. Interment was in Millburn Cemetery with the Rev. L. H. Messersmith officiating.

Mr. and Mrs. Deane Weber and son, Deane Robert, of Endicott, N. Y., are visiting for several days at the home of Mr. and Mrs. Clifford Weber.

Mr. and Mrs. Walter Fontaine and son, Danny, of Gurnee, called at the home of Mrs. Harley Clark Sunday. Later they all drove to Wind Lake, Wis., for a visit with the Theodore Engb family.

# County Softball Tourney to Open at Keno

## Invitational Features Top Area Teams

Softball fans will be treated to a full card of outstanding games during the first annual Richard Seyfarth Memorial Invitational Tournament of Champions Monday, Aug. 7 at Trevor.

The tournament, sponsored by the Lake Keno Softball League, will pit the top teams of Lake County in the first of what is hoped will become an annual event. The tournament is named after the late Richard Seyfarth, of Antioch, former assistant state's attorney for Lake County and one of the founders of the Lake Keno league five years ago.

Doubleheaders will be played each evening starting at 8 p.m. at the Golf View stadium on Highway 83 near Trevor.

Entered in this year's tourney are: Pittman Motors, host team and 1961 Lake-Keno champs; K1's Tap, Waukegan, 1960 champions of Lake County; Schwery's Tavern, Waukegan National League champions; Bally Muck Schiltz, Waukegan American League champions; 922 Club, Waukegan champions; Abbott League All-Stars, champions of the Abbott League; Bimbo's Tap, 1961 champions in the McHenry League; Moose Club of Des Plaines, 1961 champions of Northwest Cook County.

Tickets are on sale from team members and will be sold Aug. 3 and 4 during Antioch's "Maxwell Street" days from a booth in front of Art's Paint Store.

Also scheduled by the Keno League is the all-star wrestling card tomorrow (Friday) evening at 8:30 at the Golf View field.

Heading the card will be a match between Midwest mat champ Johnny Kace and Johnny Gilbert.

Supporting bouts include matches between Billy Goetz, Fox Lake, and Bronco Lubich, of Montreal, Canada. Featured also will be a midget match with Frenchy Semard and Tiny Bell wrestling the team of Farmer McGruder and Pee Wee Lopes.

During the week of Aug. 14, entries in the Lake-Keno League will play a series of round-robin games.

## Cubs Retain Slim Lead in Little League

LAKE VILLA—Despite a 5-4 loss to the Pirates last Thursday, the Cubs managed to retain a one-game lead in the junior baseball circuit here, followed closely by the Braves with a 7-3 win-loss record.

The Braves are the only other club to upset the Cubs, and tallied their 11-10 win over the league leaders two weeks ago.

In games last week, the Pirates bombed the Yanks 17-4 on Tuesday; the Braves and Sox battled to a 7-7 tie on Wednesday, with a rematch scheduled for the future.

On Thursday the Pirates nipped the Cubs 5-4, followed by the Dodgers 19-18 victory over the Yanks on Friday.

The Pirates jumped off to a fast 6-0 lead over the Braves Sunday before the game was stopped at the end of the second because of the heat. The game will be continued at a date to be announced.

Games scheduled through this week:

Thursday, Aug. 3—rainout date.

Friday, Aug. 4—Rainout date.

Saturday, Aug. 5—fifth-place team against the sixth-place team.

Sunday, Aug. 6—Double-header with second vs. first-place team and fourth-place team vs. third-place team. First game starts at 12:30 p.m., second game at 2 p.m.

### Standings

	Won	Lost
Cubs	7	2
Braves	7	3
Pirates	6	3
Sox	3	4
Yanks	3	7
Dodgers	2	9

## Bowling League Gets Set for New Season

A meeting of the Ten Pin Topplers League will be held at 8 p.m. Tuesday at Antioch Recreation to organize for the coming season.

New bowlers interested in joining the league should contact Vern Gahlbeck, Antioch 2650, before 6:45 p.m. Tuesday.

There are eight White rivers in United States.

## News of Lakesports

## Two Local Drivers Win Car Races at Kenosha Speedway

Two local racing drivers won events Saturday at the Kenosha County Speedway at Wilmet, Wis., in a series of events capped by establishment of a new track record.

Gary Sheldon, Beloit, set a new track record in winning the 20-lap semi-feature with an average of 50.57 mph.

Roger Hagl, of Lake Villa, was a double winner in Saturday events. Hagl copped the first 10-lap heat in the sportsman's class with a 46.81 mph average, and came on strong to take the 12-lap feature with a 46.58 mph average.

Al Masopust, Antioch, was winner of the second 1-lap sportsman's heat with a 46.72 mph average.

Bill Shoulders, of Waukegan, took the featured 35-lap event for modified stock cars with a fast 51.60 mph average.

Saturday racing results in order of finish:

35-lap modified stock car feature (51.60 mph)—Bill Shoulders, Waukegan; Bill Strom, West Allis, Wis.; Rod Fuller, Racine; Don Sorce, West Allis, Wis.; Ed Stillman, Milwaukee.

20-lap semi-feature (50.57 mph)—Gary Sheldon, Beloit; Mel Whitely, Kenosha; Swede Erickson, Gurnee; Dick Aissin, Ringwood, Ill.; Russ Gorenson, Racine.

First 10-lap modified stock car heat (50.44 mph)—Mac Krohn, Lake Geneva; Fritz Braatz, Burlington; Russ Reynolds, Racine.

Second 10-lap modified stock car heat (50.98 mph)—Ken Heiden, Barrington; Gary Sheldon, Beloit; Junior Dodd, Waukegan.

Third 10-lap modified stock car heat (51.16 mph)—Swede Erickson, Gurnee; Rod Fuller, Racine; Bill Strom, West Allis, Wis.

Fourth 10-lap modified stock car heat (51.78 mph)—Bob Ratajczyk, Milwaukee; Jack Frost, Zion; Milt Curcio, Racine.

Don Sorce, West Allis, was the fastest qualifier with an average of 53.20 mph.

## Brown Cops Honors at Fox Lake Races

Excellent water conditions, a large crowd and a full class of boats highlighted Eastern divisional championships for the SK and E class racing program staged Sunday on Fox Lake's Mineola Bay.

Les Brown of Oak Lawn, Ill., in Long Gone was highpoint man in the featured SK class. Lou Portalski, of Antioch, chaffered his popular Greyhound to a close second place, while Bob Switzer, driving the Hex for the first time this season, finished third.

An accident marred the running of the second heat of the E class race when Portalski, driving the Gun Shy, flipped going through a turn on the first lap. Lou had previously won the first heat in this class, and was running second at the time of the accident. Despite his misfortune, Portalski amassed enough points to finish fourth in overall competition in this class.

George "Jug" Kelly's We's-E finished first in the E class. Don Burr, of Spring Grove, Ill., in his new, as yet unnamed boat, E-71, was second, and Ralph Fuchs, a Milwaukee driver, came in third.

First and second place winners in the SK and E classes will be eligible to compete in the APBA sanctioned National championships to be held in San Diego late next month.

Phil Lehman, of Fox Lake, driving Miss Fortune, topped the 135 Hydroplane contestants. Ralph Muller, of Chicago, in Mouse Trap, and Ed Sullivan, of Fox Lake, in the Lutefisk finished second and third, respectively, in this classification.

Misty, a Chevrolet-powered fiber glass runabout driven by Chuck Harris, of Glenview, finished first in the family runabout class. Bob Karner, of Franklin Park, in L'il Toot was second, and Sam Urso in his Miss-P came in third.

Following the races, a dinner for the drivers and their crews was held at the Mineola Hotel. Presentation of trophies was made to the winners at this time.

A similar dinner was hosted by the Chain O' Lakes Boat Club Saturday evening to welcome the drivers to the Club's quarters on Fox Lake.

POINT OF VIEW  
The difference between gossip or news depends on whether you heard it or told it.—Chrisman Courier.

## Car Pile-ups Mark Features At Midwest Oval

Though he didn't win the championship 50-lap event for the modified stocks, popular favorite Jack Frost, of Zion, stole the show in taking a very close second just behind West Allis driver, Bill Strom.

Frost posted the seventh fastest qualifying time, positioning him in 12th from the front in the starting field of 18 cars. Strom who failed to qualify fast enough to make the feature, had a bit of luck when engine difficulties forced former track champion Eddie Stillman, of Milwaukee, to scratch the feature event, leaving one position open, which Strom moved into.

Strom set an early pace and was seemingly well on his way to a wide margin of victory until the later laps of the event. Frost and Milt Curcio, Racine, were staging a fierce duel for second spot with Frost finally overtaking Curcio on the 38th lap. With the coast ahead of him clear, Frost began closing the gap and by the 42nd, was riding bumper to bumper with Strom. Driving hard on the outside, Frost finally overtook Strom on the 47th lap and held it until the 48th when the two got too close to one another, hooked wheels and both nearly spun out. Strom had the edge on Frost coming out of the tangle and held the lead for the final two laps, taking the win at an average speed of 49.32 mph.

The long race took its toll of automobiles with only 11 cars still running at the finish, and but seven finishing the full 50.

Ken Heiden, Barrington, spun his car on the ninth lap causing an entanglement of machines that put Fran Seamans, and Greg Krieger out of the running entirely, and put Bob Karry, Waukegan, nearly a lap behind. Several other machines were caught in various other tangles and forced to either fall out, or drop way back.

John Garner, Muskegon won the 15-lap semi-feature after the race was halted on the 13th lap when the track became totally blocked. Two cars had already stalled on the turn in earlier mishaps, when Russ Reynolds, Racine, and Junior Dodd, Waukegan, collided blocking the center. Following cars deliberately spun their mounts to avoid collisions.

The amateurs provided fans with plenty of added excitement as four cars turned over in the two events. Norm Plutchak, Waukegan, flipped one time in the heat event but escaped uninjured. The 12 lap feature was hardly a half lap old when a spectacular double rollover occurred on the backstretch stopping activities. Both Alan Horton and Les Shinsky emerged from twisted machines uninjured. Gene Southern flipped on his side while trying to overtake the lead position. Lake Villa's Mike Wolff won the race.

A pitman for Bill Shoulders, of North Chicago, was hospitalized with a compound fracture of the leg, when the throttle stuck on Shoulders' car while loading the machine on the trailer, pinning Floyd Wagner, of Libertyville, between the car and the tow truck. He was treated at St. Theresa hospital.

The popular mud race will return to the speedway next Sunday evening.

The mud race is held on a completely watered down track with a large field of cars trying to maneuver their ways around a slick and slippery surface. The event will be held in addition to the regular schedule of modified and amateur racing. Time trials are at 7:15 p.m. with racing getting under way at 8:30 o'clock.

BOWLING MEETING  
The Tavern bowling league will hold an organizational meeting Monday at 8 p.m. at Antioch Bowl.

HEAT WAVES  
This is the season of the year the grass looks greener on the other side of the fence for the cow and vacations are longer for the other fellow than for you. . . The other fellow's business is better, easier, and has shorter hours than your occupation—be whatever it is. Sometime we think it's the heat—not the humidity.—Bluff Times.

## Pardi Wins Mead Walker Cup

28-INCH, 14½-pound blue channel cat, is displayed by Alvin Bobbie, 2314 N. Halsted, Chicago, while son, Alvin, Jr., looks on. Bobbie took the "cat" on a pole and hook baited with ivory soap early Monday morning while fishing in Pistakee Bay. He landed the fish in 15 minutes.

## Yankees Win Little League Crown with 17 - 3 Record

The champion Yankees had to come from behind in the last of the sixth inning to beat the White Sox 13-12 in a Lakeland Little League game played at Silver Lake last week.

Richard Cook was the batting star for the Yanks with three hits in three times at bat, including a grand slam home run. He also singled with the bases loaded in the sixth to drive in the tying and winning runs.

Billy Croucher hit two doubles, Ronnie Weidner belted two triples, and Mike Vanderzee hit a long home run to round out the Yanks' attack. Ron Halbach hit a triple and two singles for the White Sox, and Marty Miller and Larry Richter each had a pair of singles. John Bialek hit a homer for the Sox in the first inning.

The Braves, behind Jeff Wheeler's one-hit pitching, beat the Orioles at the Fox River Park, by a score of 5-0. Mike Brice got the only Oriole hit off Wheeler, who had 11

strikeout victims. Greg Hoffman led the Braves hitters with three singles and Lennie DiMauro chipped in with two hits. Wheeler had a triple also.

The Pirates beat the Cubs 15-2 in a game, played at New Munster. Johnny Paoli had three hits, including a triple and Gary Hilbert hit two home runs for the Pirates.

Gary Hartnell also had two hits for the Pirates. Jimmy Noonan was the winning pitcher. Dennis Jensen had two singles for the Cubs.

This concludes regular season play for 1961. The season officially ended July 30 with the annual All-Star game played at the Fox River Park in conjunction with the League's annual picnic.

Final standings:

	Won	Lost
Yankees	17	3
Pirates	14	6
Orioles	12	8
White Sox	8	12
Braves	7	13
Cubs	2	18

## How's Your Water Safety IQ? Try This Test and See

Harold L. Whitehead, director of first aid and water safety of the Lake County chapter of the American Red Cross, said today: "Swimming is the most popular single sport in America. But it is also a sport that takes a dreadful toll in lives every summer. Being safe in, on, or near the water is your personal responsibility. Saving lives starts with your own. No one needs to drown."

To determine just how water-proof Lake Countians are, Whitehead offered the following checklist. Score two points for each correctly checked blank. The maximum score possible is 16 (two questions have two possible correct answers.) If you score less than that, better investigate your Red Cross water safety classes. If you reached the top mark, you might qualify for a water safety aide or instructor's course.

1—You are swimming in open water and get a severe cramp in your leg. You should: (a) roll over to a face-down position and massage the aching part. . . (b) swim to shore as quickly as possible. . . (c) tread water and call for help. . .

2—You are out in a boat in rough water and the boat capsize. You should: (a) get away from the boat, tread water and call for help. . . (b) try to swim ashore. . . (c) hang on to the boat. . .

3—You are swimming in heavy surf and find yourself being carried out to sea. You should: (a) swim toward shore at an angle. . . (b) swim to one side and not against the current. . . (c) stop swimming and float with the current. . .

4—You are walking out into the water and you step into a deep hole. You should: (a) drop your head forward and move your arms under water dog-paddle style. . . (b) throw up your hand and yell for help. . . (c) sink to the bottom and push off with your feet to bring yourself up. . .

5—You want to test your endurance with some distance swimming. You should: (a) ask the lifeguard to keep an eye on you. . . (b) swim parallel to shore. . . (c) ar-

range for a boat to accompany you. . .

6—You are climbing up a pool ladder when you notice someone in trouble behind you, about four feet from the side of the pool. You should: (a) hold onto the ladder and extend your leg back for him to reach. . . (b) call the lifeguard. . . (c) swim out to him and bring him back to the side. . .

Answers: 1 (a) the face-down position enables you to float while you are relieving the cramped muscle. 2. (c) Boats usually float. 3. (b) This maneuver takes you away from the current and conserves your energy so you can swim back to shore in a straight line. 4. (a) and (c) Either way will take you out of a hole. If you use (c) you will continue to push up and down, in a bobbing manner until you're clear. 5. (b) and (c) Even if a lifeguard could concentrate on a single individual, if you swim out, you must get back. This might overtax your ability. 6. (a) the easiest and safest rescue technique is to extend your reach, whether by an arm, a leg, or a reaching pole. Time is the important factor, therefore (b) would be a secondary answer. Swimming rescues should be a last resort unless a person is trained.

A double eagle on the 516-yard par 5 12th hole gave Joe Pardi the springboard from which he vaulted to the Mead Walker trophy championship in match-play finals last Sunday at Spring Valley Country Club.

Pardi ended one up over finalist Jim Fields in a match that was close all the way. Pardi's total was 74; Fields shot 77.

Fields was one up on his opponent until the 12th when Pardi drove 280 yards down the fairway, and then whacked a 200-plus-yard drive with a 4 iron over a tree, onto the green and into the cup, for a three under par.

The pair halved the 13th and Pardi shot a birdie on the 14th to grab the lead. The match was dormant at the 17th with Fields down two. He took the hole with a par 3 while Pardi shot a 4. Both took a bogie 5 on the 18th, giving Pardi the win with one up.

Pardi eliminated Howard Shepard, last year's winner, earlier this month, and battled his way through the quarter finals to Sunday's win.

## Wilson's Win 21 Straight To Cop Crown

Wilson's Laundromat won its last three games to edge Nick's Town Pizza for the summer league bowling championship.

The Laundromat team bowled a hot pace throughout the season in winning all 21 of its last games.

The league featured some outstanding scores: Jerry Berke rolled a 228 game and built a 584 series in recent play. Bob Lenczewski combined games of 204, 191 and 214 for a hot 609 series.

Bob paces the 14 and 15 year-olds with a 173 average followed by Jerry Berke, at the 157 average of Jerry Berke, and the bowling of 12-year-old Barbara Casola who scored a 565 series with games of 186, 203 and 176.

Awards will go to: Bob Lenczewski, captain, 173 average; Jerry Berke, 157 average; Lorrie Lewis, 122 average; Phil Mapleshorpe, most improved with 123 average; and Bob Mazal, 116 average.

Applications for winter bowling are now being received by Mrs. Jeanette Westhoff at Antioch Bowl.
